Brihaspati 3

THE VIRTUAL CLASSROOM

Objective:- The software developed by IIT Kanpur. It is the open platform of learning. It is the java servlets based content delivery system. Administrator(admin) is the main authority of Brihaspati. The software is free of cost. We can enter in to Brihaspati as a student, instructor and admin mode. Guest can enter direct to Brihaspati but the instructor and student account is created by the admin. Brihaspati provides the features of glossary, calculator The login and password of guest is guest. Every instructor is independent to register student in their specified course. Instructor and student have their unique password of login. Brihaspati gave full freedom both to the instructor and Student to come in contact with each other through Mail, chat etc.

Brihaspati 3

THE VIRTUAL CLASSROOM

Instructors are requested to identify the courses which can be purged from their account and inform to brihaspti@iitk.ac.in. This will help us in utilizing the resource more efficiently.

The formulation of the problem is often more essential than its solution, which may be merely a matter of mathematical or experimental skill. -- Albert Einstein
